Pure Passion

STYLE IN PERFECTION

With Pure Passion the success story of our unique PIVOT fabric collection is continued.

Our keen affection for extraordinary fabrics encounters finest weaving craftsmanship in a new way.

Just like all fabrics from our “pure line” Pure Passion also deliberately avoids all chemical production processes with a clear focus on sustainable fabrication- and finishing methods.

Pure Passion

INFINITE POTENTIALITY, VENTUROUS COLOR VARIATIONS

Pure Passion is different! The sophisticated use of open and natural weaves creates an exceptional softness.

But it doesn't stop there – by its trichroism Pure Passion significantly differentiates from all previous PIVOT-fabrics.

The outcome is evident! New trend colors that link back to the existing PIVOT range for ambitious combinations out of the ordinary.

Pure Passion

**WITH PURE PASSION WE
DEFINE MODULARITY ANEW**

Pure Passion is the charismatically different upholstery fabric for free spirits and individualists. The fabric melds harmoniously muted colors with daring contrast shades in just one range.

Pure Passion either highlights other fabric construction in a complementary fashion or prominently claims the center stage for itself, while lacking none of the well-established “Pure” performance features.

So uniquely modifiable, Pure Passion represents style in perfection.
